[A printed copy is placed in the Legislative Assembly Library (Slip No. 7 in the Register of papers laid on the Table).]

Restoration of Major and Minor Tanks in the State.

*Q.—107. Sri B. HUTCHE GOWDA (Tumkur—General).—

Will the Government be pleased to state :—

(*a*) the number of major and minor tanks in the State which are in a state of disrepair (Districtwar figures to be furnished);

(*b*) the number of major and minor tanks which are proposed to be restored (Districtwar);

(c) the extent of the wet lands that are irrigated by the tanks at present and the extent that could be irrigated by the tanks that are going to be restored;

(*d*) whether there is any scheme for the restoration of these tanks; if so, the details may be furnished?

A.—Sri T. MARIAPPA (Home Minister).—

(*a*) If "tanks in a state of disrepair" refer to unrestored tanks, the number is 15,007.

(*b*) 1,421 (statement showing the details of tanks is printed below).

(*c*) *Vide* statement to clause (*b*). Restoration or Repair works to a tank will assure water supply to the existing atchkat; only in a very few cases new extent will be added to the old atchkat which will not alter the total extent by any appreciable area.

(*d*) Seven hundred and ninety-one tanks are so far taken up and are in various stages of progress during 1950-51. All these are expected to be completed by June 1952.
